- Puppy packet with information about new puppy ownership.
- 24 Hour lifetime breeder support.
- Dew claws removed.

### **Holding Agreement:**

A \$250 deposit is required to hold your puppy for you. This is payable in cash, credit card, or check. This ensures we WILL NOT sell your pick/puppy to any other person as long as you the buyer pick up (or make arrangements to pick up) your puppy when it is 8 weeks of age. Remaining balance is due by the time you pick up your puppy and is payable in cash /credit card. No personal checks will be accepted. If you do not call us to schedule a pick up date/time before your puppy is 8 weeks old or MISS your scheduled time and do not contact us within 24 hours we reserve the right to void the puppy sales contract and find another buyer. Deposits are not refundable! Please keep in contact with us during the puppy process to assure we are all on the same page with schedules, etc.

Within this agreement Flying S Retrievers will be referred to as the “seller” and the person purchasing the puppy/dog will be referred to as the “purchaser” or “buyer”. Any reference to puppy/dog is interchangeable for either a puppy or a full grown dog. It is understood by both purchaser and seller that any puppy/dog sold by Flying S Retrievers is being sold as a working hunting dog. The seller expects that this working dog be treated as part of the family, and cared for as such.

### **Puppy Guarantee and Contract:**

1. Puppies are to be in good condition for the first 72 hours after the time purchaser assumes physical possession of the puppy. The buyer agrees to have the puppy examined by a licensed veterinarian at buyers’ expense within the first 72 hours. The seller will provide a vaccination record of the purchased puppy to buyer that is appropriate for age. If the puppy is due for vaccines and the buyer neglects to provide them and the puppy contracts a disease that could have been prevented by vaccinations this guarantee is null and void.
2. If puppy dies within 24 hours of purchase buyer must have an autopsy done by a state licensed veterinarian, at buyer’s expense, to determine cause of death. If cause of death is due to preexisting condition that was there before buyer took possession of the puppy, a replacement puppy will be given, of equal value, when one becomes available. Only if our attending veterinarian confirms first findings and puppy was properly cared for while in buyer’s possession. No cash refunds will be given. A replacement puppy will not be given if the prior puppy was not properly taken care of and all aspects of the contract were met.
3. We guarantee your puppy will pass a hip certification from OFA at 2 years and 2 months of age or before. If puppy does not pass the OFA rating no later than 26 months of age a replacement puppy will be given when one of equal value is available. If purchaser wants a puppy of greater

value the original purchase price will be credited and the remaining amount will need to be paid in cash/money order. Under no circumstances will a cash refund be given. If the puppy does not pass with a good or excellent in a full registration pup, buyer has the option to breed the dog and waive the guarantee, or spayed/ neutered and kept as a pet or returned to the breeder. If puppy is tested after 2 years and 2 months/ 26 months this guarantee is void.\*\* If buyer breeds the dog after 18 months of age, the hip guarantee will be based on the OFA prelim results instead of the 2 year old OFA. By breeding the dog prior to the 2 year OFA the buyer agrees to abide by the prelim OFA results and is comfortable with the result as being final despite and result here after.

4. Seller reserves right to request second opinion from another licensed vet or specialized professional of Breeder's choice at the Buyer's expense on the hips if the results of the first OFA show signs of dysplasia. Not all vets know how to do hip x-ray. We suggest you call beforehand for vets who do specialize in this so it can be done correctly. Results from 2nd opinion will be sent to another certifying agency OFA and the best rating will be taken.
5. The seller will offer a LIFETIME INHERITABLE DISEASE(EIC/CNM/DM) GUARANTEE, dogs are guaranteed not to be affected by Exercise Induced Collapse, Centronuclear Myopathy, Degenerative Myelopathy at any point in their lifetime(All pups will be either "Clear by Parentage" or "Carrier" -Possible that some dogs can be a recessive carrier but not express, in which case the pup will live a normal, healthy life and does not require the seller to provide a replacement)
6. The seller shall not be responsible for any Veterinary/medical costs for the puppy/dog after it is in the buyer's possession. The puppy/dog is transferred to the buyer as "healthy" and is not responsible for any injury incurred to the puppy after the time of sale.
7. Seller is not responsible for mites, immunity levels, pneumonia, mange, heat stroke, ring worm, conjunctivitis, intestinal worms, fleas, ticks, ear infections, or any disease that could have been prevented by proper vaccination/care once the puppy is transferred to the buyer. Buyer is responsible for keeping their puppy in proper conditions for its health and welfare.
8. The seller shall provide a registration paper ONLY after this purchase agreement has been signed and the total amount due has been paid. If the seller does not have registration papers at the time of puppy sale the seller will provide proof that it has been applied for and have it mailed to buyer as soon as seller receives it. All puppies are sold on Limited Registration unless other arrangements have been made. We suggest spaying/neutering your pet by 12 months of age. \*\*\*Full registration is available to approved breeders/programs only and at full registration price. If full registration is given for breeding purposes all health clearances must be done and passed between 20 and 24 months of age BEFORE the dog is bred. If the dog is bred before 2 years of age or without the proper clearances the health guarantee is null and void. If puppy does not pass health clearances between the age of 20 and 26 months of age the puppy is to be spayed/neutered and kept as a pet or returned to the breeder. A credit will be given for the original price of puppy, toward another puppy when one is available\*\*
9. If buyer plans to show puppy or compete in any way the buyer does not guarantee puppy will become a champion. Seller also does not guarantee ability to hunt.

10. If buyers prefer commercial shipment seller will arrange shipment for puppy described above. The buyer will be responsible for all and any cost associated with shipping said puppy in addition to full purchase price. All shipping cost and purchase price must be paid BEFORE puppy is shipped. The seller will not ship a puppy before 8 weeks of age. The seller will not be responsible for the safety of the puppy while in transit. Including all injuries concurred due to accident.
11. The buyer agrees to provide annual vet exams, heart worm checks and preventatives and all recommended vaccines yearly and to keep records of them or all guarantees are voided. The buyer also agrees that puppies will be kept in appropriate conditions for its health and welfare.
12. The buyer agrees to feed puppy a quality food full of nutrients and wholesome ingredients that are appropriate for health, activity level and life stage of puppy/dog.
13. The temperament of a dog is based upon how well it is socialized, trained and cared for. Proper nourishment, socialization, exercise and training are huge in how the puppy's temperament turns out. For this reason seller does not guarantee temperament of puppy/dog. There will be NO REPLACEMENTS, CREDITS OR REFUNDS FOR TEMPERAMENT. Seller strongly recommends puppy classes but it is not required. Seller expects puppy will be properly socialized after vaccinations. Seller is NOT responsible for any damage done at any given age to people, property, other animals or grief that may be caused due to loss of dog/puppy for any reason.
14. Seller is not responsible if your puppy is lost or stolen. Seller will not refund the purchase price or provide a replacement puppy for this reason.
15. If at any time the buyer is un able or unwilling to provide the puppy/dog with a proper home, the buyer has the opportunity to return puppy to seller as first option. No payment will be made to buyer for the return of the puppy. The seller has 10 days to accept or reject this option. The buyer is responsible for all costs related to returning puppy. The AKC papers will be transferred back to seller at the buyer's expense as well. It is stressful for a dog to be bounced around from house to house, which is why this is here. Please consider asking for training advice if training is the reason you plan to re home your puppy/dog. If a puppy is transferred to another owner, all health guarantees are null and void.
16. If buyer chooses to breed without full registration and breeding rights, the buyer will be held responsible for \$2,000 dollars in damages and all court costs.
17. If the authorities seize the puppy/dog for neglect or abandonment the seller reserves the right to recover the puppy/dog without compensation to the buyer. No replacement puppy will be given.
18. The buyer agrees to pay any and all court and attorney fees incurred while enforcing this contract.
19. Buyer agrees to these terms: puppy will not be sold, leased or given to any research establishment. The puppy will not be transferred to another party without the seller's prior knowledge and consent.
20. If it is brought to our attention at any time that the puppy is being abused, neglected, or not properly taken care of in any way, the authorities will be called for investigation. If buyer is found at fault, seller will take permanent possession of the puppy. Any expenses incurred to the seller after the puppy/dog is confiscated due to neglect or mistreatment will be the responsible of the buyer and payable to the seller.

This agreement contains the whole agreement between buyer and seller. There are no verbal agreements not documented in this contract. If there are any other agreements they will be listed at the end of the contract. No verbal agreements shall be binding. This contract may not be changed except in writing and signed by both parties. Violations are a breach of contract and will require puppy to be brought back to seller immediately at the purchasers' expense.

I the buyer understand that this contract is to protect the life of my new puppy and ensure that I am ready to make a lifetime commitment to the care and well-being of this puppy. I also understand that if I have any issue with behavior, housetraining or anything else that I need help with the seller is always there for support.
